Daily routine and study material

Give GK 30 minutes daily: 15 minutes reading, 10 minutes MCQs and 5 minutes revising mistakes. Use Days 1–3 for the first module, Days 4–6 for the second, and Day 7 for the mixed test and review.

Each module: English and Hindi notes, key facts and comparisons, linked current affairs, a one page revision sheet, and 20 bilingual MCQs with explanations and sources.

Current affairs coverage

Core coverage: selected events from January 2025 to September 2026, with greater attention to 2026. Add an October update and brief November–December supplements covering major social, economic, cultural, scientific and international developments.

Important: This is AageBadho's study plan, not an official UPSC topic distribution.

Revision milestones

5–25 December: Revise all 12 modules, improve weak areas and complete the updates. **26 December–5 January:** Use quick revision sheets, mixed GK practice and your mistake notebook. Six weekly cycles provide 420 practice questions in total.
